

Changes to the 19MSP from hybrid to fully virtual

- **Programme for the 19MSP:**
 - While the agenda remains unchanged, the Programme of Work may be updated with possible time adjustments. **This change is due to the restrictions associated with UN interpretation during online meetings.**

- **Participation:** States Parties and Observer delegations (States not parties, and organizations that have been granted observer status) – will receive an email ahead of the start of the meeting containing the following:
 - 1 master account: A link will allow **one person per delegation** access the account and to fully participate (e.g. intervening) in the meeting within the Cisco Legislate secure platform. Only one person will be able to use this link at one time. A username (i.e. email address of the head of delegation) and password (to be provided) will be provided to you.

Participation will be governed by the Rules of Procedure for Meetings of the States Parties.
 - 1 general link: this link will allow other members of your delegation, which will not take the floor to follow the meeting.

- **Statements and Presentations:** The change in format, demands that we have as clear an idea as possible concerning who would like to take the floor under which agenda item and to receive the statements from delegates in advance.
 - States Parties and Observer delegations that wish take the floor during the 19MSP to please send a request to isu@apminebanconvention.org to be added to the speakers list, clearly indicating the specific agenda item for your intervention.
 - Statements and PowerPoint presentations can be uploaded to <https://isu.portal.massive.app>. When uploading your Statement or Presentation, kindly state the name of your State/Organisation and related agenda item (e.g. State Party – Clearing mined areas and mine risk education and reduction)

- **Approved Side events:** The speakers, panelists and moderators who are already present in the Hague can still host their side event from the World Forum. All health regulations will be taken into considerations. If you are not able to travel to the World Forum, we provide a platform to organize the side-event online.

Please inform 19MSP-logistics about your preference at 19msp-logistics@minbuza.nl

On behalf of the President and the entire organizing team, we would like to thank you for your flexibility and your understanding during these difficult times. We apologize, and hope the financial and personal impact will be minimal.
